Quantum Computing and Computer Facts: Computer Science Department's Informative Assembly

The Department of Computer Science conducted an informative assembly on 6th November 2023, where students enthusiastically shared facts about Quantum Computing and "Do you Know" interesting facts about computers. While presenting the assembly, the students were well learned and explained the information on understanding the facts and realities of Quantum Computing.

As demonstrated, Quantum Computing is the application of principles from quantum mechanics to develop new technologies. This includes computing, which uses quantum bits (qubits) for faster computation, and secure information transfer through quantum key distribution, and sensing. The assembly was greatly enjoyed by those performing as well as the listeners. Facts about computers and new technologies emerging in the 21st century was

highlighted and depicted through easy narration. "These technologies hold promise for revolutionizing various fields, it needs to be addressed for widespread implementation." - said a student.

Ms. Saraswathi's Generosity Shines in Golden Jubilee Library Enhancement

In a heartwarming gesture during the Golden Jubilee Year celebration, Ms. Saraswathi, a retired Aided Lecturer in History at KGCW, commemorated her sister, Late Ms. Varalaxmi, who served as the college's first librarian. To honor her memory, Ms. Saraswathi generously donated essential electronic devices to the Degree Library.

The donated equipment includes a Xerox machine, printer, barcode printer, and projector, enhancing the technological resources available for students at the UG Library. This valuable contribution aims to further enrich the learning environment and facilitate academic pursuits.

The college administration, represented by Chairman Mr. Ashok Gopathy, Secretary cum Correspondent Md. Faheemuddin, Joint Secretary Mr. Suresh, Principal Dr. Sunitha, Vice Principal Dr. Rajshree, and Librarian Dr. Vanaja, expressed their heartfelt appreciation and felicitated Ms. Saraswathi for her thoughtful and benevolent gesture. The act not only strengthens the bond within the KGCW community but also exemplifies the spirit of giving back, fostering a culture of generosity and gratitude.

KNOW YOUR COLLEGE BY STUDENT COUNCIL

Student Council at Kasturba Gandhi Degree and PG College organized the KnowYourCollege initiative, covering diverse committees and clubs. Teams visited every class, imparting insights into various colleges and promoting awareness of resources. The initiative aimed at fostering a sense of belonging and knowledge-sharing across the campus. With a focus on inclusivity, the Student Council's effort successfully acquainted students with the rich tapestry of opportunities available within the college.

CLUBS:

- BIO-CLIB
- JEEVIKA CLUB
- ENTREPRENEUR CLUB
- VANAVATIKA CLUB
- CONSUMER CLUB
- SITE MAP CLUB
- LITERARY CLUB
- SOCIAL SCIENCE CLUB.

Statutory Committee:

- Anti Ragging committee
- Women Empowerment cell
- Equal rights committee
- Student Council

College is about more than just classes; it's about experiences and memories that will last a lifetime.

Combining different types of clubs in college to provide information to students can be a beneficial and collaborative approach. It allows students to access a wide range of resources, knowledge, and opportunities in one place. This can foster a sense of community, diversity, and inclusivity, enhancing the overall college experience. However, the success of such collaboration depends on effective communication, organization, and the relevance of the information provided to the student body.

Exciting Opportunities Await: Campus Drive Brings Top Companies to our college.

**MCOM 2024 Batch:
DELOITTE Beckons
Excellence.**

Two exceptional students from the MCOM 2024 batch, **Maroju Pravalika** and **Simran Khan**, have secured prestigious positions as Tax Consultants at **DELOITTE** with an enticing package of **7.6 LPA**. This accomplishment not only reflects their individual prowess but also underscores the high standards of education and preparation they have received at our institution.

Synchrony and REGALIX Welcomes Talented Minds

In addition to our postgraduate success, we are delighted to share the achievements of our undergraduate students. A remarkable 12 students have secured positions with **Synchrony**, a testament to the readiness and competence of our undergraduates for the corporate world. The offered package of 4 LPA further highlights the recognition of the skills and knowledge imparted at our institution.

Furthermore, 10 of our undergraduate students have been selected in the competitive placements at **REGALIX**, a market star company. The enticing package of 3.7 lakh LPA not only reflects the high regard in which our students are held in the industry but also the alignment of our curriculum with the evolving demands of the market.

Winning Success for KGCW at Annite Festa 2023

On October 5, 2023, St. Anne's P.G. College for Women played host to the much-anticipated Annite Festa 2023, an inter-collegiate fest that witnessed spirited participation from various institutions. Among the standout performers were the students from KGCW, who not only actively engaged in the event but also emerged victorious in multiple categories, bringing home a plethora of prizes.

The BBA 3rd-year team, comprised of **Lubna, Sameeth, Vaishnavi, and Meghna**, showcased their prowess by securing second prizes in both **RRR** and **SHIKEN** events. Additionally, **Chandrika Yadav's** outstanding individual victory added another feather to the cap of **Kasturba Ghani Degree College**.

Maria Goldina and **Maleena Olive** exhibited exceptional skills, earning well-deserved recognition for their contributions. The guidance provided by **Kavitha Mam** from the **Commerce Department** played a pivotal role in shaping and refining the talents of the participants.

**Reported by:
P. Sai Vineetha B.Se
(BTMC)**

In an exclusive statement, **Chandrika Yadav** expressed gratitude for the support received from the college community, stating, *"Winning this prize is a humbling experience. It's a testament to the collaborative spirit and commitment to excellence at our college."* This sentiment echoes the collective dedication of the students at KGCW, where success is not merely an individual triumph but a reflection of the cohesive and collaborative ethos that defines the college.

BATHUKAMMA FEST : A VIBRANT CELEBRATION UNVEILED AT KGCW

The lively Battukamma Fest, held on October 27, 2023, at our college, unfolded with a burst of colors from diverse flowers. Students engaged in crafting Mughus and Rangolis, danced to traditional tunes, and relished a stress-relief day. The event fostered joy and camaraderie among teachers and students, creating a vibrant atmosphere of celebration and cultural revelry.

It's great to see administrators our Principal and Vice-Principal, participating and enjoying the Bathukamma Festival with students. Their involvement can foster a sense of community and college spirit. It provides an opportunity for students to join and learn a variety of culture.

“Physics Expo 2023” : conducted by the department of Physical Science

October 11: The Resonance Club of Physics and Electronics department (UG) conducted the "Physics Expo 2023" on Wednesday 11th October 2023 from 11:00 AM to 04:00 PM in the Physics lab (Room no. 8&9) to showcase various working models made by the students. Working models, Display models, and Charts were prepared by the students on concepts that are useful in daily life. The main models include Chandrayaan-3, Vehicle anti-collision, Home automation, Automatic Irrigation System, Smart Street Light, Solar power irrigation system, Hydraulic JCB, Thermo-electric generator.

REPORTED BY:
SUSAN B.Sc(MSCS)

Most of the projects were made using Arduino boards which are Microcontroller boards. These boards can be used to make sensors, and wireless devices using Bluetooth and Wi-Fi, remote control devices, etc. The students of I, II, and III years from the Department of Physics and Electronics (UG) actively participated in presenting the models to the visitors. The event was graced

by our respected Vice-Principal Dr. Rajshree Mam and the faculty and students of all the departments. The response received was mostly positive and they seemed to be enjoying the models.

The Department is thankful to the faculty and students who worked hard to make this event a huge success. Hoping for more such events to encourage students to bring more innovative ideas.

Beyond the Uniform: NCC Celebrates 75 Years with a Vital Breast Cancer Awareness Drive.

In a significant milestone celebration, the National Cadet Corps (NCC) commemorated 75 years with a crucial Breast Cancer Awareness Drive on November 23, 2023, in collaboration with Institute of oncology serves as an admirable initiative in fostering health awareness within the community. The Drive was held in the college premises. The primary objective of the event was to raise awareness about breast cancer and provide a free screening test camp for early detection. The camp was successfully coordinated by Sarveshwar Prasad and Dr. Aisha, with a collaborative effort established with the MNJ Institute of Oncology & Regional Cancer Centre.

The event kicked off with a warm welcome extended to the medical team by Vice Principal Rajashree and NCC Major Jayasudha mam. Rajashree mam acknowledged the hard work of NCC cadets, emphasizing the importance of their contribution. Dr. Aisha, in her speech, expressed gratitude for the college's hospitality and shed light on cancer prevention strategies.

The objective was to detect and prevent breast cancer at its nascent stages. The collaborative effort between NCC and MNJ Institute of oncology serves as an admirable initiative in fostering health awareness within the community. This highlights the significance of promoting health education and awareness among the masses.

The National Cadet Corps (NCC) is renowned for its members' diligent work ethic and unwavering readiness to bear responsibility." *As a proud NCC member myself, I am privileged to be a part of this esteemed organization*" - says SUSAN.

Math Marathon; Organized by the Department of Maths

On the 13th of October 2023, the final year B.Sc MSDS students organized a Mathematics marathon in the Hostel auditorium. The event was conducted with great enthusiasm and saw active participation from the students. The marathon was aimed at promoting interest in Mathematics among students and encouraging them to develop their skills in the subject.

The panel of judges for the competition hailed from the Department of Mathematics. Nine teams took part in the contest, which comprised a total of five rounds. These rounds included Logic and Reasoning, Brain Teasers, Pick a Question, Do You Know Us?, and Rapid Fire. Each round involved an elimination process. The hosts presented sample questions to the participants, who had to guess the round. In addition, the audience was treated to humorous questions after each round. Overall, the competition was a thrilling and

intellectually stimulating event that showcased the participants' knowledge and expertise. At the event, the questions posed were related to elementary mathematics, mathematicians, simple puzzles, and riddles. The interactive atmosphere was palpable throughout the proceedings, fostering a collaborative and engaging environment conducive to learning and problem-solving.

Throughout the competition, participants were challenged to demonstrate their knowledge and expertise in the field of mathematics. The competition was designed to test not only the participants' knowledge but also their ability to work well under pressure and within a limited time frame. The winning team received mementos at the fun-filled event where students showcased their knowledge in various fields. The hosts entertained the audience with humorous math questions, making it a beneficial experience for all attendees.

Statistics Analytica Event 2023 Enlightens Students on Managerial Skills

12th October: In a bid to foster managerial skills among students, Analytica Fest 2023 took place on October 12th, 2023, at the Hostel Auditorium. The event, organized in collaboration with Sigma Research and Consulting Limited, featured Dr. K Subramanyam, Director of Sigma Research and Consulting Limited, as the resource guest.

The vibrant event was initiated with a soulful prayer song, urging the attendees to connect with their inner selves and set a positive tone for the insightful sessions that were to follow. Dr. K Subramanyam, a distinguished speaker, commenced the proceedings with an enlightening talk on the practical applications of statistics in research, providing an in-depth analysis of various techniques and methodologies employed in the vast realm of data science.

Dr. Subramanyam's thought-provoking discourse shed light on the significant role of statistics in a wide range of real-life scenarios. He passionately advocated for students to gain practical experience through internships in various fields, highlighting their potential to foster essential skills and knowledge. Throughout his engaging lecture, Dr. Subramanyam demonstrated an expert understanding of the subject matter,

providing detailed examples and insights that left attendees with a newfound appreciation for the importance of statistics in today's world. During the event, the students demonstrated active participation and exhibited their enthusiasm and happiness. Dr. Subramanyam's presentation on real-life applications was well-received by the students, who expressed their eagerness for

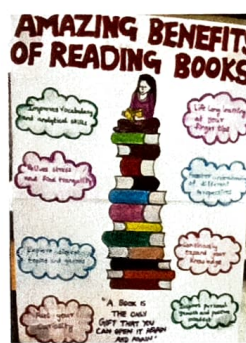

similar events to be organized by the faculty in the future. The students found value in the knowledge shared by Dr. Subramanyam and appreciated the opportunity to learn from an expert in the field. The Analytica event was a success in imparting valuable managerial insights to the student body. Additionally, it provided an opportunity to foster a sense of curiosity and eagerness among the attendees. The collaboration with Sigma Research and Consulting Limited played an instrumental role in creating a dynamic and enriching learning environment for all participants.

Bridging Science and Technology: Microbiology Workshop on Bioinformatics Essentials

The Department of Microbiology, in partnership with Manna Biotech Research Institute, recently organized a one-day workshop on "Basics in Bioinformatics" on November 25, 2023. Aimed at final and second-year Microbiology students, the workshop provided both theoretical knowledge and hands-on training in essential Bioinformatics techniques. Students delved into computational biology, database design, and statistics, gaining insights through engaging sessions and practical exercises. Distinguished speakers, including Dr. Chathushya, Founder of Manna Biotech Pvt Ltd, also an alumni of our institution and Dr. Manne Munikumar from NIN, shared valuable experiences and provided hands-on guidance.

Enthusiastic participation marked the day-long event, with students applying newfound knowledge in practical exercises, focusing on online repositories. This collaborative effort between the Microbiology Department and Manna Biotech proved fruitful, emphasizing the significance of such initiatives in advancing education and practical skills in specialized domains. The workshop's success underscores the value of collaborative exploration in Bioinformatics.

Kasturba Gandhi College Inspires Future Leaders through "Skills of the Future" Workshop.

The Department of Business Management at Kasturba Gandhi College for Women conducted a dynamic two-day workshop, "Skills of the Future," on October 27th and 28th, 2023, under the guidance of Prof. Neela Gollapudi, Director of the MBA program, who initiated the IIC in the institution and coordinated by Dr. Maheswari. In collaboration with the Institution of Innovation Council (IIC), the program targeted skill enhancement for first-year MBA students. Facilitated by Accumen Connect. Reported by: Maria Goldina (BBA 3rd year)

Mr. Nagarjuna Yadav, an esteemed Entrepreneur and Experience curator from Acumen connect, led the workshop as the facilitator. The workshop immersed participants in ideation, problem-solving, design thinking, intellectual property rights, and project management. Beyond imparting essential competencies, this initiative reinforced the college's commitment to nurturing innovation and cultivating forward-thinking leadership among future academics.

Vanavatika Club Leads Successful Solid Waste Disposal Drive in College Campus.

In an exemplary display of environmental responsibility, the Vanavatika Club recently organized a comprehensive Solid Waste Disposal drive on the campus. The event, titled "Waste Management and Segregation," took place on 12th October 2023, from 11:00 am to 4:00 pm, attracting enthusiastic participation from the entire student and faculty community. Under the leadership of the Vanavatika Club, the initiative aimed to effectively dispose of solid waste accumulated in campus. The event showcased the college's commitment to sustainable practices and environmental consciousness. The event was led by Ms. Padmasri, along with faculty of the club.

Our college in collaboration with Earthbox Pvt Ltd., an agency of ITC's WOW initiative has signed a Memorandum of Understanding (MoU), facilitated the smooth collection and disposal of approximately 3000 kgs of solid waste, including paper, newspapers, record books, and old weeded books.

During the event, student volunteers emphasized the importance of regular waste segregation and its impact on the environment. The initiative not only showcased the college's proactive approach to waste management but also underscored the significance of collaborative efforts with external agencies for a more extensive and sustainable impact.

Following the successful event, the feedback from students has been overwhelmingly positive. The regular conduct of such drives has significantly enhanced the student community's understanding of waste segregation.

ACADEMIC TIPS: STUDY STRATEGIES AND TIME MANAGEMENT

Study Strategies:

- *Active Engagement:*** Actively participate in class discussions, ask questions, and seek clarification on challenging topics. Engagement enhances understanding and retention.
- *Effective Note-Taking:*** Develop a personalized note-taking system that suits your learning style. Organize notes with headings, bullet points, and key concepts for easy review.
- *Utilize Resources:*** Take advantage of library resources, online databases, and academic support services. Seek additional materials to deepen your understanding of subjects.
- *Group Study:*** Collaborate with peers for group study sessions. Explaining concepts to others reinforces your understanding, and group discussions provide diverse perspectives.

Time Management:

- *Create a Schedule:*** Develop a weekly schedule that allocates time for classes, study sessions, and leisure. Stick to your schedule to establish a routine.
- *Prioritize Tasks:*** Identify and prioritize tasks based on deadlines and importance. Tackle challenging assignments first when your energy is at its peak.
- *Avoid Procrastination:*** Break larger tasks into smaller, manageable steps. Procrastination can be minimized by setting realistic goals and deadlines.
- *Limit Distractions:*** Find a quiet, focused study environment. Turn off notifications on devices, and consider using productivity apps to stay on track.

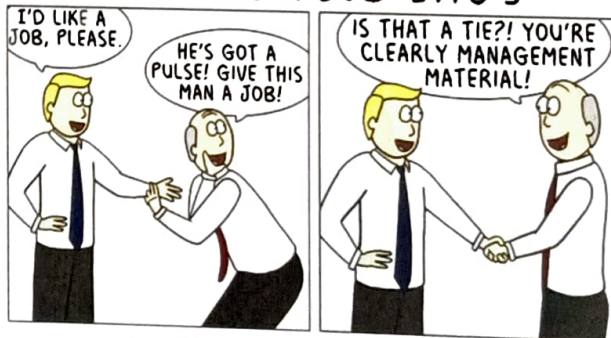

Academic Tips:

- *Healthy Lifestyle:*** Prioritize sleep, exercise, and a balanced diet. A healthy lifestyle positively impacts cognitive function and overall well-being.
- *Seek Feedback:*** Actively seek feedback from professors and peers to identify areas for improvement. Constructive criticism is essential for personal and academic growth.
- *Use Technology Wisely:*** Leverage technology for research, organization, and collaboration. Explore educational apps and online platforms that complement your learning style.

An Hour with the Alumnus : to know the journey from College to Corporate

On the 29th of October, the diligent and proactive statistics staff took the initiative to bring together a group of accomplished Kasturba Gandhi alumni for an insightful online meeting.

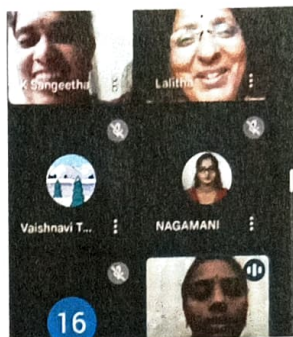

The meeting's agenda entails a discussion on the subject, "The Journey from College to Corporate World." Meet our dear alumne of the kasturba: miss. D.NAGAMANI, GOUTHAMI YADAV, P. PRAGNA, D. HEPSIBHA, Y. POOJITHA & MISS. SHARANYA. Over 60 students and staff, including some former students, joined the Google Meet.

Miss Nagamani is a Cognizant employee and pod leader for special projects.

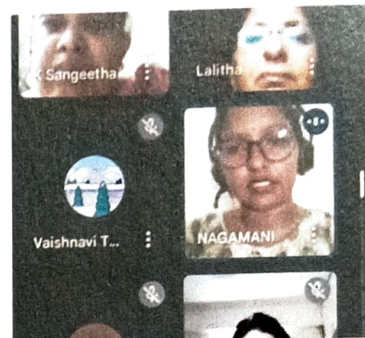

During the event, the speaker, who happened to be a former student of Kasturba, generously shared her thoughts and personal journey. Her insightful tips were informative, shedding light on her experiences.

During the interactive meeting, the students actively engaged with our distinguished guests by posing their queries and questions.

Gouthami Mam, a graduate of our college, now lectures at Sardar Patel College. Mam shared her passion for teaching, which she had ever since she was a student. Mam explained the selection process, which entails conducting interviews and holding meetings. The meeting was a great success. The event was both engaging and stimulating, providing all attendees with an incredible,

opportunity to learn and connect. The gathering of our esteemed alumni, who were once students of Kasturba, and the reunion of many former students with our esteemed faculty made for an unforgettable day.

Robotic Process Automation (RPA)- A 3-Day Workshop by Department of Computer Science (UG)

On the 18th November, the Department of Computer Science organized a workshop on Robotic Process Automation, in partnership with Sansah Innovations Pvt. Ltd. The workshop was aimed at exploring the latest advancements in the field of automation and was attended by professionals from Sansah Innovations.

The workshop began with an introduction to Robotic Process Automation (RPA) and the installation of UiPath, which included an overview of essential concepts related to automation technologies. The participants were familiarized with the fundamental aspects of UiPath.

They were tasked with performing various operations utilizing applications such as notepad and word documents. Subsequently, they proceeded to develop a software robot designed for playing songs sourced from YouTube. Additionally, the participants developed an application to calculate Body Mass Index (BMI).

On the concluding day, participants were trained to streamline data processes using Excel and PDFs. RPA was emphasized in automating invoice-related tasks, demonstrating its versatility. The workshop conducted by Sansah Innovations Pvt Ltd proved to be a highly informative and valuable learning experience, providing participants with practical skills in Robotic Process Automation (RPA) and UiPath. The program offered a balanced blend of theoretical insights and hands-on exercises, enabling the attendees to gain a comprehensive understanding of the automation techniques and their practical applications in real-world scenarios.

Glory in Goa: College Kabaddi Team Emerges Champions at National Championship

In a triumphant turn of events, our college's kabaddi team has scripted history by emerging as the undisputed champions at the fiercely contested national championship held in Goa from the 3rd to the 5th of October. Against all odds, the trio of Sai Vaishnavi from B.Com General (final year), Anusha from B.Sc Second Year, and Shweta from B.Sc Second Year showcased exemplary skill and determination..

The selection process was formidable, but their unwavering perseverance proved unbeatable.

As a student, I am immensely proud to witness the historic achievement of our kabaddi team. It not only reflects the individual prowess of the players but also underscores the strong sense of unity and sportsmanship within our college community.

Sai Vaishnavi, the heart and soul of the team, expressed elation at the victory, stating, "This win is a testament to the hard work and dedication of every team member.

Anusha and Shweta, visibly emotional after the intense competition, shared their sentiments. Anusha said, "Representing our college in the national arena was a dream come true. Shweta added. Winning the championship feels surreal, and the bond we've formed as a team is priceless."

As the college community stands firmly behind our triumphant kabaddi team, we eagerly anticipate more victories on the national stage. This historic achievement serves as a source of inspiration for all students, encouraging us to strive for excellence in our respective fields.

KGCW Dominates Osmania University Inter-College Taekwondo Tournament for Women

The taekwondo team of Kasturba Gandhi Degree and PG College emerged victorious at the prestigious Osmania University Inter-College Tournament for Women, held at the Osmania University Indoor Stadium on October 28, 2023. The spirited competition witnessed the participation of talented athletes from various colleges, but Kasturba Gandhi College stood out, securing the coveted 1st place.

The athletes' rigorous training regimen and unwavering commitment were evident in their flawless performances, earning them the top spot in the competition.

The tournament, hosted at the renowned Osmania University Indoor Stadium, provided a platform for female taekwondo enthusiasts to showcase their talents and compete at a high level.

The cheers and support from the college's faculty, students, and supporters echoed in the indoor stadium as the team clinched victory.

As a viewer and proud student of Kasturba Gandhi Degree and PG College, witnessing our taekwondo team's remarkable performance at the Osmania University Inter-College

The victory not only brings pride to our college but also inspires fellow students to pursue.

Congratulations to the taekwondo team for their outstanding performance, and here's to more victories and milestones in the future!

KGCW Champions Spirit in Recent Intercollegiate Clash"

In a spirited display of sportsmanship and tenacity, Kasturba Gandhi Degree and PG College for Women showcased their prowess in the recent intercollegiate competition held at Villa Marie College on November 17th and 18th. The teams, led by the students **Yashaswini Shubha, Vaishnavi, and Fathima Bhanu** in table tennis, and **D. Tejasri, Sneha Rani, Swetha, Uma, Sai Poojitha, and Vaishnavi** in chess, gave their all in the face of stiff competition.

While the final scores may not have tilted in our favor, it is crucial to highlight the invaluable experience gained by our participants.

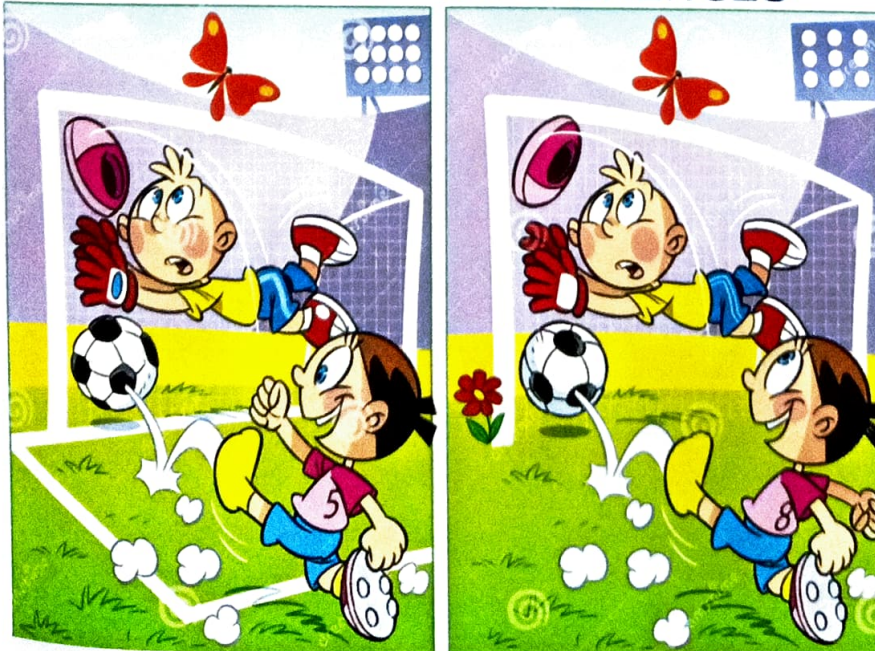

As rightly pointed out by our esteemed Vice Principal, Dr. Rajshree, "If we participate, it's an experience; if we win, it's a bonus." This perspective emphasizes the importance of the journey, the lessons learned, and the personal growth that occurs th

In appreciation of their efforts, the college extends its heartfelt gratitude to each member of the chess and table tennis teams for representing Kasturba Gandhi College with such grace and determination. Your commitment to the game and exemplary sportsmanship has not only enriched our college's sporting legacy but also inspired future generations to strive for excellence.

Poem of the month

A poem on nutrition

Bread, cereal, pasta and rice,
Six to eleven servings would be nice,
Carrots, Cucumber lettuce and more,
Three servings is an amount to adore.
Grapes, apples and all other fruits,
Four servings would get you on the right route,
Milk, cheese and other dairy,
Eat three servings from the food fairy.
Meat, eggs and nuts,
Three servings should be enough.
Fats and sweets are yummy,
That much is true,
But avoid these,
Unless you want a big round tummy.
